Profile

Backend Developer with 1 year of hands-on experience in building scalable web applications using PHP, Laravel, JavaScript, Node.js, and Express.js. Proficient in database design and management with MySQL and MongoDB, ensuring efficient data handling and performance optimization.

Work Experience

Flamingo Infotech pvt ltd

Jan 2024 to Present

Backend Developer

- Developed RESTful APIs using Laravel and Node.js/Express.js, enabling seamless frontend-backend integration.
- Optimized MySQL and MongoDB databases, improving query performance by 20% through indexing and query optimization.
- Implemented secure JWT authentication systems for user management.
- Collaborated in Agile team environments to deliver scalable web applications.
- Contributed to full-stack development including React.js frontend components.

Education

Bachelor of Computer Application - 68%

Swami Vivekanand Subharti University Meerut

Jun 2020 to Jun 2023

Diploma (Computer Science and Engineering) - 75%

Feroze Gandhi Polytechnic Raebareli

Jun 2022 to Jun 2024

Projects

LMS

Node.js | Express.js | MongoDB | REST APIs

Key achievements and responsibilities included:

- **Architected** a RESTful API from scratch, adhering to best practices and design principles.
- **Implemented** various CRUD operations to handle data efficiently with seamless integration to the MongoDB database.
- **Developed** middleware for authentication and authorization, securing endpoints against unauthorized access.

E-Commerce Web Application

Laravel | Razorpay | MySQL | REST APIs.

- Developed a secure e-commerce platform using Laravel framework with product catalog, user authentication, and cart functionality.
- Implemented admin dashboard for managing products, categories, orders, and customer data.
- Built RESTful APIs to enable future mobile app integration.
- Integrated Razorpay payment gateway for seamless transactions supporting credit/debit cards, UPI, and net banking.

Skills

Backend Development: PHP, Laravel, Node.js, Express.js

Databases: MySQL, MongoDB

API Development: RESTful APIs, JWT

Authentication

Version Control: Git, GitHub

Additional Skills: JavaScript, HTML, CSS, Bootstrap, React.js
